12. After you set AB Line 2nd piece of AutoTrac pie will show up. Press Steer Button to get 3rd piece of AutoTrac Pie to show up.

13. Drive vehicle close to AB Line and press "Resume or Auto" Switch to activate autotrac. On S Series Combines there is an "Auto" Button on joystick. On 70 Series Combines you will use either the #2 or #3 button on the joystick. \*70 Series Combines will not have "Auto" Button\*.

14.Once you press the "Resume or Auto" Button you will hear a beep noise and the AutoTrac pie will turn green with a big A in the center of the pie. This means that AutoTrac is active.
